## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Van Zandt on 03/08/2005.

- Claims 25-29 are canceled.
- In claim 3, change "1" (line 1) to "2".
- In claim 9, change "7" (line 1) to "8".
- In claim 15, change "13" (line 1) to "14".
- In claim 21, change "19" (line 1) to "20".

### ***Drawings***

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because drawings are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

### ***Allowable Subject Matter***

Art Unit: 2661

4. Claims 1-24 are allowed. The following is an examiner's statement of reasons for allowance:

With regard to claims 1, 7, 13 and 19, the prior art does not teach or fairly suggest an interworking unit comprising a virtual time division multiplex network and selecting a virtual trunk group and channel identification code through the interworking unit.

Subbiah (US Patent 6,801,542) discloses an interworking unit 410 (interworking unit) that converts control messages (call agent) and user data (setting a connection) from the IP network 430 (edge gateway / first voice packet network) to the ATM network 420 (edge gateway / second voice packet network) as illustrated by Figure 4 (column 5, lines 34-38).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew W Wahba whose telephone number is (571) 272-3081. The examiner can normally be reached on M-F 8:30-5:30.
